## OFFICE OF THE MAYOR

To: President Coenen and Members of the Common Council  
From: Mayor Anthony J. Penterman  
Date: November 4, 2020

Our municipal government strives to enhance the quality of life in the City of Kaukauna through cooperation with the City Council, staff, the community, Kaukauna Service Organizations and area businesses. In combining our diverse backgrounds and skills, we will strive to achieve common goals and establish new priorities with an emphasis on respect, fairness, and compulsion to serve our citizens' needs.

Early in 2020, Coronavirus presented itself and brought with it many fiscal challenges. Its negative impact on our local and national economy will be felt long after our public life returns to normal. We, as a City, had to find creative sources of financing for many projects within the 2020 Budget as well as into the 2021 Budget. In light of everything, we were able to come in with an extremely good tax rate without the elimination of services.

The following proposed Budget is sensitive to the property tax payer and enhances the high level of service our residents expect.

1. Property Tax Rate – The 2021 Budget will increase the City's assessed tax rate by \$0.19 per \$1,000 of assessed value which is a 1.98% increase.
2. Property Tax Levy - The City's tax levy increased \$349,150 or 3.96%. Under state law, the levy is allowed to increase 3.02%, plus increased debt service requirements (1.37%). This levy increase is less than the maximum permitted under state law.
3. Budgeted Expenditures – Budgeted General Fund expenditures for 2021 are \$15,024,526 – an increase of 3.0%. This will allow the City to continue to qualify for the State Expenditure Restraint Program Aid. The City has qualified every year since the inception of the program.
4. General Fund Balance – Our General Fund Balance is projected to be \$4,943,289 on December 31, 2020. This fund balance exceeds the Council objective of \$2,253,679 at year end, which will allow the City to continue to receive excellent bond rating resulting in lower interest rates when issuing future debt.
5. Level of Service and Capital Improvements – The 2021 Capital Improvement Program will see investments to benefit our community and residents and instill pride in our City.

Body cams for the Police Department have been included in the 2021 budget. This will allow the officers to document interactions with the public.

Plans are underway for improvements to the Kaukauna Municipal Pool based on the results of the ongoing Pool Master Plan. This plan is a work in progress but the goal is to begin the project in 2021.

Look for new pole mounted decorations during the holiday season. The retired City holiday decorations were approximately 25-30 years old and have been sold to another community.

Currently underway in the Street Department is a \$4.5 million project that completes Phase IV of the Space Needs Building Improvements Project that was started in 2015. Completion is expected in May 2021.

Improvements included in the Phase IV project are:

- A drop-off site for residents for brush, yard waste, waste oil, and overflow garbage.
- Large outdoor metal storage building.
- Expanded and updated mechanic's area.
- Public Works garage addition.

Veterans Memorial Lift Bridge improvements began in 2020 with subsequent completion expected by year-end 2020. This project will have a minimal impact on the 2021 Budget.

The Capital Improvement Plan continues to invest in our parks to maintain their beautiful, aesthetic surroundings. I am committed to seeing our City parks maintained.

6. Economic Development – The prior three years have seen significant business investment in the City resulting in a total of \$31,207,749 of total value. With such a major financial investment, businesses have expanded operations and hired workers, resulting in more home construction and more potential customers for our retail services. In 2015, our population was 15,889. The 2020 Census indicates our population will exceed 16,500.

While COVID-19 has impacted all business operations and reduced community events for the downtown, there continues to be ongoing investment. The David L. and Rita E. Nelson Family Heritage Crossing is under construction and will soon link downtown Little Chute with downtown Kaukauna by trail, providing incentive for high end residential apartments and housing. The "CE" Trail was also extended in 2020, further encouraging residential growth and community investment.

We anticipate more development projects in 2021 with new industrial facilities in the Industrial Park Network and the redevelopment and repurposing of the former Carnegie Library. Housing will also continue to go strong as the City has approved several new subdivisions.

7. Statements on Budget – As we adjusted to life during a global pandemic, most City services remained unchanged. Due to the continuation of safety measures that we implemented during this emergency, there has been no interruption of critical services to date in any City department. Our City leaders are constantly looking at ways to be fiscally responsible without jeopardizing the safety and services of our residents. The choices the City makes today may not be easy, but in so doing, they are putting everyone in the best position to serve Kaukauna well into the future.

Sincerely,

Mayor Anthony J. Penterman

## **2021 BUDGET** *HISTORY OF KAUKAUNA*

Kaukauna is one of Wisconsin's oldest communities. The first white explorer to see Kaukauna was Jean Nicolet, who pushed his birch bark canoe up the Fox River from Green Bay in search of a water passage to the Orient. Nicolet made allies with the Winnebago Indians that he found in the region. Trappers, hunters, missionaries, and merchants soon followed with additional expeditions to the new territory.

Because travelers had to carry their boats and cargoes over the three waterfalls at what is now Kaukauna, that spot was destined by nature to become a way station and settlement on this important waterway. When Father Claude Allouez paused there on April 18, 1670, he noted in his journal, "we passed the portage called by the natives KeKaling, our sailors dragging the canoe among the rapids: while I walked on the River-bank, where I found apple-trees and vine-stocks in great numbers."

Thousands of bales of furs were carried over the KeKalin Falls during the ensuing fur-trading period and log dwellings were erected at the site to house the portagers and travelers. By 1760, Charles de Langlade had a fur trading post at the falls. Dominique Ducharme was the first permanent white settler and built a substantial log house in 1790 in KeKalin (Kaukauna) and began trading with the Menomini and Chippewa Indians. At the time, 1,500 Indians lived in the village of Kaukauna.

The north side of the City was the first to be settled, with Dominique Ducharme's land deed of 1793. The Ducharme deed was Wisconsin's first recorded deed in which he obtained several hundred acres of land for the initial payment of two barrels of rum. In 1818, Augustin Grignon moved from Green Bay to take up residence in Kaukauna on a government grant of 1,000 acres of land on the lower rapids. On this property, but closer to the river, Augustine's son Charles built the "Mansion in the Woods" in 1837. The Charles A. Grignon Home is the oldest home in Outagamie County and is listed on the National Register of Historic Places.

A settlement known as Statesburg began on the south side of what is now Kaukauna. The Stockbridge tribe fought on the side of the Americans in the Revolutionary War, and were rewarded with western land to be held with the native American groups already in the area.

In 1831, a new series of American treaties resulted in the relocation to the Stockbridge settlements. The departure of the Stockbridge from Statesburg substantially reduced the population. The Grignons were left in the wilderness in the company of a small group of French farmers.

Two factors led to immediate growth: the 1836 Treaty of the Cedar opened the Fox Valley settlement through U.S. territorial land offices, and George W. Lawe arrived in 1850 to create the first plat on the north side of town. The plat of about 17 blocks created the "diagonal" French-oriented street system which still prevails on the near north and south sides of Kaukauna.

A small north side business district developed during canal building activities in the 1850's. The Chicago and Northwestern Railroad's north side line encouraged local industry such as flour milling and lumber processing in the 1860's and 1870's, but before 1880, the north side remained a modest settlement and the south side had reverted to scattered farms.

The second railroad boom of the 1880's brought Irish and German workers. These workers created the south side Village of Ledyard. In 1881, Milwaukee Lakeshore and Western Railroad relocated its district office from Manitowoc to Kaukauna's south side. First Street was vacated and the railroads sprang up. Company housing for the railroad workers was developed in the south central area known as "Yankee Hill."

### **2021 BUDGET**

#### *HISTORY OF KAUKAUNA*

In 1885, the Village of Ledyard joined with the north side to form the City of Kaukauna. The 1880's railroad developments coincided with the creation of new waterpower canals to supply Kaukauna industry. The men who built the railroad and power canals stayed to help create the paper industry that is important to Kaukauna to this day. The construction of five municipal hydroelectric generating plants gave Kaukauna its nickname, "The Electric City." Kaukauna holds the bragging rights to providing its citizens with some of the lowest electric rates in the state. The City's industrial and commercial network, consisting of 818 acres, provides a strong backbone for the City's financial health.

Today, the City of Kaukauna is a growing and prosperous community of just over 15,900 residents. The City of Kaukauna provides its residents with a full-time Police, Fire and Ambulance service. Kaukauna is well maintained with regular garbage collection, street sweeping and ongoing street upgrades.

Kaukauna is the home of the Historic Grignon Mansion and 1000 Islands Environmental Center – to name just a couple of its many jewels. The City's devoted care of its many athletic fields, public parks, swimming pool, and trail system enhance the quality of life that our residents so richly deserve.

## 2021 BUDGET

### HOW TO READ THE BUDGET

The budget document represents the financial support for the operation of the City of Kaukauna and goals of the City Council and management for the 2021 fiscal year. The budget document is organized in twelve categories. Each category and a description of its contents follow:

**MAYOR'S BUDGET MESSAGE** - The opening category of the budget provides the City Council and the public with a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and recommendations regarding the financial policy for the coming fiscal year.

**BACKGROUND INFORMATION AND OVERVIEW** - This category of the budget provides the reader of the budget document with an understanding of the City of Kaukauna.

A brief history of the City is included to help the reader of the budget document develop an understanding of how the City was founded and why some of the landmarks, structures and industries present in the City today exist.

The mission statement of the City is an overall summary of the goals the Mayor, City Council and other personnel will strive to complete during the upcoming fiscal year. Specific departmental goals are included in the detailed fund schedules of the budget document to assist the reader in evaluating the departmental requests for financial resources to accomplish their respective mission and goals.

The underlying policies are used by the Mayor, City Council and other personnel in preparing and adopting the budget. This listing of policies allows the reader of the budget document to get a feel for the objectives used in evaluating and analyzing the budget to ensure that the budget meets the goals of the City before it is adopted.

The financial summary highlights the major revenues sources and expenditures for the upcoming fiscal year and any changes in financial policy from current and previous fiscal years. This summary also provides a projection of the financial future of the City.

The organization chart of the City is included to depict for the reader of the budget document the organizational structure and lines of authority between the Citizens of the City of Kaukauna, the City Council, the Mayor and departmental personnel.

**SCHEDULES AND SUMMARIES** - This section of the budget document includes numerous analyses that comparatively evaluate the assessed valuation, equalized valuation, related tax rates, revenues and expenditures for all funds. In many instances the summaries include several years of historical data for comparative purposes. These schedules and the information therein lay the groundwork for the departmental budgets.

**REVENUE AND EXPENSE** - This section of the budget document contains the summaries of revenues and expenditures for all budgeted funds of the City.

**REVENUE PROJECTIONS** - This section of the budget document provides a summary of revenue sources from all funds. The major revenue sources are further analyzed through the use of a five-year comparison and commentary on each of these major sources.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*HOW TO READ THE BUDGET*

**LONG-TERM DEBT** - This section provides various analyses of debt both from a historical perspective and on a go-forward basis. The information contained within this section provides the basis for future decisions.

**CAPITAL PROJECTS** - This section summarizes projected fund balance in capital projects, current and budgeted revenues and expenses, and a five-year plan for future projects.

**DETAILED FUND SCHEDULES** - The detailed fund schedules are organized on departmental basis. For general fund departments, each schedule details expenditures for the prior fiscal year, current year budgeted expenditures, current year six-month actual expenditures, current year estimated expenditures and the upcoming fiscal years' budgeted expenditures.

**STORM WATER UTILITY** – This is an enterprise fund that was created in July of 2009. The schedules in this section summarize the costs that are necessary to meet State of Wisconsin storm water quality discharge standards.

**SANITARY SEWER UTILITY** – This is an enterprise fund that was created beginning January 1, 2012 to account for sanitary sewerage treatment system costs. The schedules in this section summarize the activities involved in operating a sanitary sewer collection system and the cost of sewerage treatment by the Heart of the Valley Metropolitan Sewerage District.

**BUDGET ADOPTION RESOLUTION** - This section includes a copy of the resolution designating appropriations, levying a tax, and setting the rate for the budget of the City.

**APPENDICES** - The appendix includes supplemental information that may be useful in reading the budget document.

**Appendix A** - The chart of accounts describes the types of expenditures to be classified within the specific object codes used by departments in preparing their budget.

**Appendix B** - The demographic profile provides statistical and supplemental data about the City of Kaukauna and the population it serves.

**Appendix C** - The Detailed Environmental Center budget. This budget is controlled by a board which is appointed by the City Council.

**Appendix D** - The glossary includes a translation of terms commonly used in a budget document and the related resolutions. The glossary also includes a description of the funds established by the City.

## **2021 BUDGET**

### *MISSION AND VALUE STATEMENT OF THE CITY*

**The City Council and City staff are committed to providing high level services that enhance the quality of life for its citizens and create a safe and attractive environment for visitors, businesses and residents through efficient and effective operations.**

**The City Council and City staff are proud of our City's history and committed to the stewardship of the City's future. Cooperation among City Council, City staff, members of the community and other governmental entities enables us to combine diverse backgrounds, skills, and styles to achieve common goals. Our success is achieved through the effort of our staff with an emphasis on service, respect, fairness and integrity to meet community needs.**

### *BUDGET POLICIES*

**1. Maintain and/or improve the quality of basic public services and physical facilities necessary to encourage citizens and businesses to remain and/or invest in the City.**

The 2021 operating budget does not anticipate any reduction in services. The 2021 capital improvement budget includes approximately \$4,695,000 for street and sidewalk improvements, \$3,200,000 for utility improvements, \$379,000 for municipal equipment, and \$2,565,000 for park improvements.

**2. Continually evaluate existing municipal services to determine if these services are effective and conducted in the most efficient manner.**

The 2021 budget provides the necessary funds to continue to contract for Ambulance Billing services. It also provides funds to streamline the Time and Attendance process making it more efficient for payroll processing. All other municipal services remain unchanged from the prior year.

**3. Pay the full cost of current services with current revenues and avoid borrowing for operating expenses.**

The 2021 budget does not include borrowing for any operational expenses; however, several pieces of equipment with useful lives of ten years or more are planned for in the capital improvement budget.

**4. Maintain a property tax and user charge structure that provides an attractive environment for citizens, business and industry within Northeastern Wisconsin.**

The City, through its municipally owned electric utility, has the lowest electrical rates in northeastern Wisconsin.

The sanitary sewer user rate was increased from \$6.50 to \$6.75 per hundred cubic feet effective December 1, 2015. This rate is budgeted to remain the same for budget year 2021.

The storm sewer utility rate was increased from \$84.00 per ERU per year to \$90 per ERU per year January 1, 2019. This rate is budgeted to remain the same for the 2021 budget.

The assessed tax rate for the City is projected to increase by \$0.19 or 1.98%. The assessed tax rate for the City and the overlapping municipal tax jurisdictions is projected to decrease significantly at 0.92%.

## **CITY OF KAUKAUNA**

### **2021 BUDGET BUDGET POLICIES**

**5. Provide an adequate level of reserve funds to provide for unforeseen needs, fiscal emergencies, establish adequate security for bondholders and mitigate the need for short-term financing.**

In November of 2010, the City Council adopted a revised fund balance policy that requires the general fund balance to be at least 15% of the operating budget. The total projected fund balance of \$4,943,289 meets the City Council directive. This projected balance is considerably more than the City Council directive. Fifteen percent (15%) of the 2021 budget of \$15,024,978 equals \$2,253,679. Cash reserves more than City Council directive will be used to address future economic growth opportunities in the community. The fund balances for the past five years have exceeded the targeted balance. This has mitigated the City's need to issue short-term revenue anticipation notes. It also assists in the lower bond interest rates as bond rating companies look for 30% of operating budget in reserves.

**6. Develop and maintain a fiscal planning and budgeting system which anticipates underlying economic change and provides for planned, orderly year-to-year changes to property tax and service levels. Such a system would also respond to unanticipated events in order to avoid fiscal crisis or severe municipal service disruptions.**

Five year planning has been considered for the general operating fund. There is planning in place for capital projects and debt service planning. Related summary schedules are in the debt service and capital projects sections.

**7. Maintain financial accounting and budgetary practices that provide for full and open disclosure of the City's financial affairs.**

Management has developed the 2021 budget document in conformance with national Government Finance Officers Association (GFOA) presentation guidelines. Conformance with these standards provides reasonable disclosure of financial plans of the City.

**8. Long-term debt will be used in moderation so as not to impose an excessive burden on future Kaukauna taxpayers.**

The City's general obligation debt is 73.2% of the allowable legal limit as of December 31, 2019. However, approximately 21.3% of the allowable legal limit is the result of debt incurred in Tax Incremental District Nos. 4, 5, 6, 8, 9, 10 and the environmental remediation TIF district. The tax Incremental debt with the exception of Tax Incremental District No. 6, Tax Incremental District No. 8, and a portion of the others is expected to be repaid with tax increments and as such will not be placed on the general tax levy.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*FINANCIAL PROGRAM SUMMARY*

As required by law, the proposed budget for 2021 is balanced and provides for the needs and requirements of the City. The budget for 2021 is the result of sound financial management and affords a reasonable measure of protection for future operations of our City. The budget is adopted at the departmental level as identified in schedules that are attached to the budget adoption resolution. Therefore, resolutions authorizing budgetary adjustments are only required for budgetary adjustments between departments.

**ACCOUNTING BASIS**

The City of Kaukauna uses the modified accrual basis of accounting. Under this accounting method, revenues are recognized in the accounting period in which they become available and measurable. Available means collectible within the current accounting period or soon enough thereafter to be used to pay liabilities of the current accounting period. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unearned interest on long-term debt, which is recognized when due.

**BUDGETARY BASIS**

All the funds in this budget document are prepared on the modified accrual basis of accounting, except for interest expenditures in the debt service where unearned interest is budgeted when due. All of the following funds, which are included in this budget document, are funded in part by the property tax levy except the Capital Projects and Redevelopment Funds.

**General Fund** - This fund is the primary operating fund for the City of Kaukauna. It accounts for most of the services provided to city residents such as police, fire, sanitation, street maintenance, building inspection, planning, zoning, engineering, recreation, public library, and sewerage system.

**1000 Islands Environmental Center** - This is a special revenue fund that receives the majority of its revenue from Outagamie County, Kaukauna Public Schools and the City of Kaukauna. It accounts for the programs and services, which are offered at a City owned nature preserve, on the east side of the city along the Fox River.

**General Debt Service Fund** - This debt service fund accounts for all the debt service requirements of the City including Tax Incremental District Nos. 4, 5, 6, 8, 9, 10 and the Environmental Remediation TIF District No. 1. The primary source of revenue is the property tax levy and repayment of special assessment projects that were constructed with general obligation bond proceeds.

**Park Development Fund** - This is a capital projects fund that has been established to account for significant park development projects. Historically the source of revenue for this fund was a portion of the admission tax received from the local pari-mutuel dog racing facility. Since this source of revenue no longer exists, this fund's primary source of revenue is the property tax levy.

**Capital Project Fund** - These schedules reflect the activity of all the capital project funds with the exception of the Industrial Park Development Fund and the Park Development Fund. The primary source of revenue for this fund is proceeds from the issuance of long-term debt.

**Redevelopment Fund** - The information provided assists the user in determining the cumulative scope of redevelopment projects that may be possible during the proposed budget year. This is a revolving loan fund whose initial source of funds was block grant funds.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*FINANCIAL PROGRAM SUMMARY*

**Special Assessment / Debt Service Stabilization Fund** - This is a special revenue fund that receives its revenue from the repayment of special assessments such as street and sidewalk improvements. The City borrows for these assessable improvements. This fund accounts for the repayment of special assessments and transfers monies to the general debt service fund to offset debt service payments that resulted from borrowing for assessable projects.

**Space Needs Fund** – This is a specific capital projects fund established to accept levy dollars and borrowed funds for the specific purpose of addressing the space needs of City operations.

**Storm Water Utility** – This enterprise fund was created in July 2009 to account for the costs associated with complying with State and Federal regulation relative to the quality of storm water that is discharged into local waterways. The revenue for this fund will be derived from an equivalent storm water runoff unit charge that will be placed on the monthly utility bill.

**Sanitary Sewer Utility** – This is an enterprise fund that was created beginning January 1, 2012 to account for sanitary sewerage treatment system costs. The schedules in this section summarize the activities involved in operating a sanitary sewer collection system and the cost of sewerage treatment by the Heart of the Valley Metropolitan Sewerage District.

**FINANCIAL FRAMEWORK**

**Major Revenue Sources** - The importance of sound revenue estimates cannot be overstated. Revenue estimates have been carefully analyzed and in the areas where some fluctuations are typical, a conservative approach has been used. This budget contains three major sources of revenue: property taxes, intergovernmental revenues and sewerage system user fees. The property tax levy, which accounts for approximately 37.9% of General Fund revenue, is budgeted to increase 4.9%. The tax levy increase is primarily the result of increased cost in services provided. The budgeted levy increase complies with current levy limit legislation. This legislation allows the levy to increase by the percent increase in net new construction, 3.02%, for the City of Kaukauna plus any increase in general obligation debt payments. Typically the property tax levy absorbs most of the fluctuations in other funding sources. Intergovernmental revenue, that account for approximately 27.1% of all general fund revenue, is budgeted to increase \$165,435 or 4.2%.

**Debt Service Requirements** - Since 1993, the total outstanding debt has risen while the long-term debt as a percent of the legal limit has decreased to approximately 73.3%. It is the goal of management to maintain long-term debt in maturity terms of ten years or less. The exception to ten year debt was the refinancing debt issued in 2010 for Tax Incremental District No. 5. This debt was issued for sixteen years to take advantage of favorable interest rates and to facilitate repayment. The increase to 84.1% was primarily the result of the City's purchase and development of additional land for a new industrial park, downtown TID investment and the purchase of the former Fox Valley Greyhound Park for redevelopment. Approximately 24.0% of the current outstanding debt is the result of debt incurred in Tax Incremental District Nos. 4, 5, 6, 8 9, 10 and the Environmental Remediation Tax Incremental District No. 1. The tax incremental debt is expected to be repaid with tax increments and as such will not be placed on the general tax levy except for Tax Incremental District Nos. 4, 5 as well as Environmental Remediation Tax Incremental District No. 1. The tax increment of these districts will only pay for a portion of the debt at this time. Projected debt service requirements for 2021 and the next several years are going to continue to increase steadily and then level off as the City makes a concerted effort to limit the amount of general obligation debt issued.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*FINANCIAL PROGRAM SUMMARY*

**Capital Projects Impact** - The 2021 Capital Projects Budget will require the issuance of approximately \$4,000,000 of general obligation long-term debt of which \$1,200,000. The five-year Capital Improvement Program plan will require future debt issues of approximately \$3,500,000 per year. The analyses in the debt service and capital project sections of this document indicate this is a manageable five-year plan.

**Fund Balance** - The General Fund balance is projected to be \$4,943,289 as of December 31, 2020. One of the budget policies is to provide adequate levels of reserve funds to mitigate the need for short-term financing to meet operational expenses. The City does not anticipate short-term financing in 2021 since general fund balance exceeds the year-end target of \$2,253,678. Excellent progress has been made in this area since December 31, 1992 when the fund balance in the General Fund was \$374,864 and the City needed to borrow short-term funds for operations.

**General Fund Revenues** - The general fund revenue budget is projected to increase \$440,049 or 3.0%. The property tax component increased \$267,661 or 4.9%. Typically, the property tax component will generally increase faster than total revenues if one or more of the following situations exist; user fees are not increased, new user fees are not implemented, other revenue sources decrease or remain the same, or there is a significant reduction in interest earned on investments.

In lieu of taxes from the City owned electric and water utilities is based on the current tax rate and the value of utility property in the City. This revenue source is also likely to fluctuate, as the tax rate fluctuates due to changes in State law. In 2021, this tax represents 28.67% of total general fund revenue sources. This tax source is budgeted to increase slightly in 2021. The tax rate and book value of the assets in the city limits is what drives this revenue. There are many variables that go into the calculation that makes it difficult to project accurately.

Intergovernmental revenues are expected to increase \$46,836. State shared revenue and expenditure restraint are budgeted to also increase \$56,628 this year. The State highway aids are budgeted to increase \$140,000. This revenue source contains an element of uncertainty since shared revenue is often a topic at the State level when the discussion turns toward tax relief or when the State is experiencing difficult economic times.

**General Fund Expenditures** - The City has settled labor contracts with the International Association of Fire Fighters AFL-CIO Kaukauna Local 1594 unit as well as the Kaukauna Professional Police Association for the 2021 budget

The continued goal of management is to minimize the use of long-term debt to purchase large pieces of equipment.

The 2021 general fund expenditure budget of \$15,024,526 increased \$443,894 or 3.0%. Even with this increase, the City will continue to qualify for State expenditure restraint program funds. The expenditure restraint program will provide approximately \$255,343 in revenues for 2021.

**SUMMARY**

The financial future of the City of Kaukauna appears to be very stable. The citizens have shown a willingness to fund the current level of quality services when needed and financial management practices remain frugal. The most important budgetary objective should be to provide the highest possible level of service to our citizens without impairing the City's sound financial condition. To accomplish this objective, existing City programs and services must continually be evaluated to determine if they are meeting the needs of the residents, effectively and conducted in the most efficient manner. This budget continues that commitment.

### **2021 BUDGET** *BUDGET PROCESS*

The preparation of the budget is a complex process. The process allows for the opportunity to review the accomplishments of the current year and establish new goals for the upcoming year.

The budget document is an annual plan of estimated expenditures and the proposed means of financing them. It is the method by which the City delivers its services and programs to the residents for the fiscal year beginning January 1 through December 31.

Preparation of the budget begins in mid-July when the six-month actual results are prepared and distributed to department heads along with budgetary request forms for the ensuing year.

Using the City-wide and departmental goals and objectives as their guide, department heads are asked to estimate their expenditures for the remainder of the year, and submit budget requests and mission statements for the upcoming year. Budget requests are returned to the Finance Department in mid-September. The Finance Department then calculates all of the related benefits and returns a completed copy of departmental budget requests to the department heads by late September.

In late September budget conferences are held. In attendance at budget conferences are the Mayor, the Finance Director and the department head. It is during these conferences that any adjustments to departmental requests are discussed and made. This process continues until a balanced budget is attained.

By mid-October final budget adjustments have been made, and the Mayor's proposed budget is prepared and available for distribution. In early November, a public hearing is held on the Mayor's proposed budget. The Committee of the Whole reviews the Mayor's proposed budget and then recommends to the City Council that the proposed budget be adopted.

In mid-November the budget is adopted by the City Council. The adopted budget is then printed and distributed. After adoption the budget becomes a control mechanism by which to measure the resources expended to meet the approved objectives.

Any budget updates must be adopted in resolution form by the City Council and published in a local newspaper.

The budget timetable for the 2021 budget process appears on the following page.

2021 Budgeted Revenues - All Funds

## CITY OF KAUKAUNA

2021 Budgeted Revenues by Source - All Funds

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*REVENUE COMPARISON BY REVENUE SOURCE*

There are three primary sources of tax revenue for the City. Property tax, which includes tax on real estate and personal property, is the largest and most significant revenue source. Property tax represents 66.7% of all budgeted taxes and 37.9% of all general fund revenue sources budgeted. The property tax levy is budgeted to increase \$267,661 or 4.9% for 2021. This is less than the maximum allowed under the current levy freeze legislation. This legislation allows the levy to increase by the percentage of increase in net new construction, 3.02% for the City of Kaukauna, plus any increase in scheduled general obligation debt. There is also a State program that rewards municipalities for controlling expenditures by providing additional State aids. The City has consistently qualified for this aid.

The second tax revenue source is the payment on lieu of taxes from the City's electric and water utilities. This payment is based on the current tax rate and the value of utility property in the City. As the tax rate fluctuates due to changes in State law related to funding of education, this revenue source is also likely to fluctuate. In 2021, this tax represents 16.02% of all general fund revenue sources. This tax source is also funds the Redevelopment Authority lease payment for the City Hall and Police Department building.

The third tax revenue is in lieu of taxes from the City's housing authority. This revenue is based on the current tax rate and the value of housing authority property in the City. The budget amount for this tax source is \$19,500 for 2020.

## 2021 BUDGET

### REVENUE COMPARISON BY REVENUE SOURCE

Intergovernmental revenues are comprised of state shared revenue, state fire insurance dues, state law enforcement grants, state highway aids, county aids and local school district subsidy of the City's Environmental Center. There was some volatility with this revenue source back in 2015. This source seems to have stabilize with a consistent aid amount from year to year since 2015. The graph above shows a slight trend upward with this aid.

The largest of the intergovernmental revenues is state shared revenue. This revenue source has per capita, aid able revenue and expenditure restraint components. Shared revenue accounts for 51.0% of all intergovernmental revenues in the general fund and 27.1% of all general fund revenues. State shared revenue is budgeted to remain flat for the 2021 budget. This revenue source is very sensitive to political adjustments by the State Legislature, therefore, property tax is often viewed as the most likely source of additional revenues. Continuation of and changes to this revenue source has been the subject of considerable debate in the State Legislature during the past years.

The next largest source of intergovernmental revenue sources is state highway aids which is budgeted at \$1,114,474 for 2021 and accounts for 7.4% of all general fund revenue sources. This source is expected to increase by \$139,535 or 14.4% when compared to 2020.

The State's current commitment to reducing taxes and the state of the economy are likely to have some lingering negative effects on state revenues to municipalities in the future. The other intergovernmental revenue sources are relatively small and likely to see modest growth in future years.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*REVENUE COMPARISON BY REVENUE SOURCE*

The City of Kaukauna finances special assessment projects such as street improvements, sanitary sewer mains and laterals, water mains and sidewalk replacement primarily by issuing long-term debt. A resolution established in 2015 allows for all special assessments to be repaid within a ten-year period. This revenue stream is used to repay the debt that was used to finance the projects initially. The amount of assessable work that is done on a yearly basis can vary greatly. Beginning in 2013 the City was constructing few assessable projects therefore budgeted revenues are decreasing. Due to the uncertain nature of this revenue source, the City will utilize a decreasing amount of special assessment monies to offset the required tax levy in debt service funds. These monies are accounted for in a special revenue fund referred to as the Special Assessment Fund.

## CITY OF KAUKAUNA

### 2021 BUDGET REVENUE COMPARISON BY REVENUE SOURCE

Other revenue sources consist of regulation and compliance revenues, charges for service other than sewer user fees, use of property and money and operating transfers. Some of the smaller components within this revenue source such as building permits, police fines, swimming pool user fees and interest on investments are heavily influenced by external factors. The remaining components of other revenue sources are primarily related to user fees and license fees.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*REVENUE COMPARISON BY REVENUE SOURCE*

The City established a separate Sanitary Sewer Utility beginning January 1, 2012 to account for sanitary sewer system operations. The revenue is established at a level sufficient to recover annual operating costs and to maintain adequate reserves. This revenue source has increased significantly several years ago due to a significant plant expansion at the Heart of the Valley Metropolitan Sewerage District; however, sewerage treatment costs have been relatively stable since 2010. The sewer user volume rate was last changed \$6.75 per 100 cu. Ft. effective January 1, 2016. It will remain at this level for the 2021 budget year.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*REVENUE COMPARISON BY REVENUE SOURCE*

The City established a Storm Sewer Utility beginning in 2009 with the first user rate starting in 2010 to fund and account for the construction and maintenance of mandated storm water quality improvement and retention facilities. The revenue is established at a level sufficient to recover annual operating costs and to maintain adequate reserves. This revenue source has increased significantly in the first three years but has remained relatively stable since 2013. The equivalent residential unit (ERU) rate was most recently changed to \$7.50 per ERU per month beginning January 2019. Since inception, the system has grown as are the expenses to operate the system. This budget doesn't include any rate adjustment, however, the fund is being closely monitored and managed. The rate being charged needs to cover the expenses to ensure the fund is sustainable long into the future.

### 2021 BUDGET

#### *SUMMARY OF LONG-TERM DEBT PRACTICES, POLICIES, AND FUTURE PROJECTIONS*

**Historical Perspective:** The City of Kaukauna has historically used general obligation debt to finance all of its capital improvements until 2013. In 2013 the City started to issue revenue bonds to finance utility projects. The schedule on page 5-3 displays each bond note by the funding source to repay each note. The schedule on page 5-4 indicates that all the current long-term debt will mature within the next 10 years. The exception to this is the utility and Lease revenue bonds will mature within 20 years. The City has historically issued long-term debt in maturities of ten years or less for General Obligation issues.

Page 5-5 shows the City's outstanding long-term debt and percent of legal debt limit. It is also considerably less than it was as of December 31, 2012. Long term general obligation debt rose considerably from 2002 to 2012 primarily as a result of the purchase and development of industrial park property, development of a downtown TID, acquisition of Fox Valley Greyhound Park for redevelopment and to meet the infrastructure demands of a growing community. From the concerted efforts to reduce outstanding general obligation debt since 2013 allowed the City to address space needs deficiencies within municipal facilities in 2015-2019. The ability of the City to pay off long-term debt has remained strong over the past five years as shown on Page 5-6 since tax incremental district debt and industrial park related debt is serviced by land sales and tax incremental revenues. This schedule shows that the net Levy needed to pay debt has been on a downward trend for the past several years. While addressing the space needs this trended upward for a short period, however is not expected to continue its downward trend.

The graph on Page 5-6 depicts a downward trend with the overall City Debt limit, giving the city more borrowing power if needed for future projects. Page 5-5 also graphically illustrates the historical trend of tax incremental debt and all other general obligation debt. In the past ten years general obligation debt excluding tax incremental financing debt has been between 24.0% and 37.1% of the City's legal debt limit. At the end of 2019, general obligation debt excluding tax incremental financing debt is expected to decrease based the cities equalized value growth and consistent payment of debt each year.

The overall general obligation debt including TID debt less debt service stabilization funds is at 73.3% of the legal limit at yearend 2019. Based on planned capital improvements and debt schedule payoff this is expected to continue its downward trend in 2020.

The schedule on page 5-7 shows that the net debt levied per capita and the debt subject to the tax levy debt rose to its highest level since 2009. The ratio of net levied debt to equalized value had decreased appreciably since 2010. Property valuation compared to debt is a very good indicator of the City's ability to satisfy its debt service requirements. Even with the sharp increase in 2017, the city's ability to satisfy debt remains strong. This ratio is expected to remain stable at level seen in the 2018 year.

The schedule on page 5-8 indicates that the ratio of net general obligation debt to general fund expenditures has increased modestly since 2009 except for 2010 when \$11,385,000 of TIF bond anticipation notes were refinanced and 2014 when \$1,000,000 of ERTIF bonds were refinanced. Although the ratio between debt service requirements and general fund expenditures has increased from the Space Needs efforts, the information on page 5-8 would

suggest that this ratio will continue to increase modestly over the next few years. This ratio is a good indicator that the City is not shifting operational type costs over to long-term debt.

**Future Projections:** The schedule on page 5-9 details the effect of anticipated future debt service requirements. The footnotes indicate the estimated future long-term debt. The most noteworthy column on this schedule is the column that indicates anticipated future tax levy impacts (right-most column). Going forward the City plans on continuing to issue revenue bonds for utility projects and finance special assessment projects with available funds to the extent possible. This strategy will reduce the annual general obligation borrowing to an average of \$3,500,000 per year. Based upon the assumptions in this schedule, the City will continually use levy dollars to pay down debt. With past efforts, the need for levy dollars to pay down debt has leveled off and is expected to stay this way for the foreseeable future.

**CITY OF KAUKAUNA**  
**2021 BUDGET**  
*CAPITAL PROJECTS SUMMARY*

***Historical Perspective:*** The City uses long-term debt to finance major equipment purchases such as road graders, fire trucks and ambulances, which tend to have a significant impact on the operating budget in the year purchased. The City also issues long-term debt to finance, updates to Parks and Pools, Utility Projects, Infrastructure, and buildings. More recently capital borrow was used to address the space needs throughout the city.

As the city finishes up the space needs projects in 2020 the capital borrow will continue to be around the \$2,500,000 to \$3,000,000 per year to maintain infrastructure, replace equipment and update parks. As the city grows the City's debt capacity may also be used to address future development such as Industrial parks.

The five-year capital projects schedule beginning on page 6-7 summarizes anticipated projects. It is also anticipated that additional projects will be added or removed from years 2021 through 2025.

***Future Perspective:*** The schedule on page 5-9 indicates consistent debt service requirements for the foreseeable future and is based on \$3,500,000 of new borrowing for General Infrastructure, Equipment and buildings. Borrowing is expected to remain around the \$3.5 - \$5m per year. The market is great for interest rates. If it makes sense, a recommendation to Council will be made to borrow more than one year worth of projects to capitalize on the lower interest rates. With each new borrowing, the debt service payments are structured to remain as level as possible from year to year to have the least amount of impact on the levy.

*DIVISION: GENERAL GOVERNMENT*

*DEPARTMENT: COMMON COUNCIL*

#### ***MISSION STATEMENT***

The City Council will serve the needs and concerns of the City and strive to affect the greatest good for the community as a whole while maintaining a solid perspective between individual rights and the common good.

The City Council will take a leadership position in the community. It will act as the catalyst for new programs based on the needs of the community. The Council will promote cooperation between various segments of the community.

The City Council together with the Mayor and staff will develop and adopt a fiscally responsible budget on an annual basis. This budget will provide the resources to maintain a high quality of service yet must be responsive to economic conditions both within and outside the community.

Based on the realization that the needs of the City are continually changing, the Council will periodically review policies and procedures so that City Government as a whole can maintain a high level of effectiveness.

The Council will strive to keep the citizens informed on matters affecting the community. At the same time, the Council must keep well informed on the needs and concerns of the citizens and respond to these needs in a consistent and prudent manner.

The Council will seek and respect the recommendations of the Mayor, staff members, and various boards and commissions. The Council accepts the fact that good government is a cooperative process and that encouraging and accepting these recommendations does not diminish the authority of the Council.

The Council will continue to be cognizant of the needs of City employees and strive for a satisfying work experience. The Council will encourage its employees to upgrade their skills.

The Council will continue to identify areas within the community that need special attention and develop programs for their improvement.

The Council will encourage legislation at the County, State and Federal levels that is in the best interest of the community.

The Council will promote the community both within and outside.

### ***MISSION STATEMENT***

**To develop and promote municipal programs that foster an appreciation of the arts, provide healthy lifestyle options, and utilize Kaukauna's parks and public places to the greatest extent possible.**

### ***2019 - 2020 Accomplishments***

COVID-19 saw the cancellation of a number of events that brought the community to the downtown. Most notable was the cancellation of the Fox Firecracker 5K and July 3<sup>rd</sup> concert along with the cancelation of The Big Run that kicked off the LIVE! concert series. The City only held five of the ten scheduled concerts.

### ***2021 Objectives***

The primary goal for 2021 is to re-establish the Farmer's Market, coordinate special events into the LIVE! From Hydro Park concert series, and cross-promote new events or features with the library, 1000 Islands, and the Grignon Mansion.

### **MISSION STATEMENT**

**The finance department is responsible for planning, directing and administering the major functions of accounting, budgeting, financial reporting, employer insurance management, employee benefit programs and electronic data processing to insure the City's financial stability and compliance with goals, policies and regulations.**

### **2019 – 2020 Goals and Objectives**

Reestablish a 5 year operating plan that includes the new department managers and their goals. This plan will help the city help plan for the future and feed into a succession plan for the city that provide sustainability.

Implement automated Accounts Payable process that will save city time and money. Through this process it will give access to other department manager's accounts and invoices for reference

Establish Monthly/Quarterly Reporting that will show the budget to actual spend to aid in managing budgeted funds aid initiatives for department manager. Discuss these reports at monthly meeting with managers.

Continue to evaluate our Environmental Resource Partner (ERP) A.K.A, our accounting software to see if we can do more with it regarding reporting and data analysis.

### **2019 - 2020 Accomplishments**

Implement new procedures between Clerk's office and Finance that streamlines processes and gained efficiencies.

Administer the issuance of the 2020 capital borrowing. Administered the refinancing of 2010D bond saving the city \$252,000.

Restructured the Finance and Clerk department per direction of council to gain efficiencies and controls. Working toward the transition of the Clerk/Finance department merger. Shoring up the processes and procedures within both areas

Handled the ever-changing environment of the COVID-19 virus as it related to city costs and planning. Tracked and submitted expenses to the Cares Act Grant that covered \$264,000 of COVID-19 related expense.

### **2020 – 2021 Goals and Objectives**

Continue with the restructure of the departments with duties to streamline tasks

Reestablish a 5 year operating plan that includes the new department managers and their goals. This plan will help the city help plan for the future and feed into a succession plan for the city that provide sustainability.

#### ***MISSION STATEMENT***

**As an integral part of the fire service in our community, the City of Kaukauna ambulance program will provide for the efficient care and safe transportation of victims of illness or injury. By maintaining the highest level of care and professionalism, the firefighter/paramedics will meet the needs of the community to help insure the safety and well-being of the populace.**

#### ***2019 - 2020 Goals and Objectives***

Purchase two sets of ballistics gear for personnel to utilize during active shooter/threat/violence incidents.

Continue to provide the highest level of pre-hospital care to the citizens in the Kaukauna Fire Department service area.

Continue to work on various committees related to pre-hospital care and communications. Administrative staff serve on the local Regional Trauma Advisory Committee, Outagamie County EMS Chiefs' Association, and Fox Valley Technical College EMS advisory committee.

Continue to work on coordinating and implementing field based reporting utilizing mobile devices on ambulance calls.

Research community needs in an effort to provide additional educational opportunities to the general public related to health and wellness, first aid, and injury prevention.

Complete the second session of the mandatory paramedic refresher course set by the State of Wisconsin and complete the licensure process.

Complete a review of the fire department's patient care guidelines, procedures, and protocols. The protocols are standing orders used during EMS calls. Our Service Medical Director Ryan Murphy M.D. and Assistant Chief/EMS Director will review the protocols and update them with the most current medications and patient care procedures.

Comply with all regulations and standards set forth by OSHA, Wisconsin Department of Commerce, Wisconsin Department of Health and Family Services, and national health organizations.

Research funding sources to purchase a LUCAS Chest Compression System for use by department paramedics during cardiac arrest incidents.

#### **2019 - 2020 Accomplishments**

Purchased two sets of ballistics gear for personnel to utilize during active shooter/threat/violence incident. This purchase brings the total amount of department sets to six, which affords all personnel assigned to a daily shift protection during these potential high hazard incidents.

The ambulance service continues to utilize numerous EMS supply companies, and through networking and collaborative efforts reduced cost during the purchase of EMS supplies by "shopping around". This has resulted in a significant savings over the past several years.

All record keeping, reporting, and maintenance of the required documents were completed as required by fire department policy, paramedic operational plan, and State of Wisconsin Department of Health and Family Services.

The fire department continued to provide the highest level of pre-hospital care available to its residents and those employed in and around the surrounding area. This not only involves care of the sick and injured, but also vehicle extrication and various forms of rescue work.

The Assistant Chief/EMS Director continues to serve as a liaison between the fire department ambulance service and the numerous surrounding first responder agencies, coordinating patient care prior to fire department arrival at emergency incident scenes.

Fire department paramedics completed the biennial paramedic refresher training. This refresher training is mandated by the State of Wisconsin and is comprised of 52 hours of certified training on all medical topics including CPR, Advanced Cardiac Life Support, and Pediatric Advanced Life Support.

Applied for and received Funding Assistant Program (FAP) monies from the State of Wisconsin. Total monies of \$4,757.65 were received in 2020 and can be used to offset tax dollars for durable medical supplies.

Purchased three Binder lifting devices which can be utilized on fall related EMS calls. These devices can reduce potential additional injuries to victims of falls and help reduce lifting related injuries to EMS personnel.

Met with representatives from the newly constructed and opened Aurora BayCare Health Center with the goal of building a collaborative relationship that benefits both organizations and all individuals who utilize the health center by providing the highest level of healthcare possible.

Met the many challenges of the COVID19 pandemic by providing essential personal protective equipment, a safe working environment, and guidance for personnel and the EMS public during these unprecedented times.

Purchased a Getac laptop for use in completing EMS field based reporting.

#### **2020 - 2021 Goals and Objectives**

Continue to meet the challenges of the ongoing COVID19 pandemic while providing high level prehospital care, along with a safe working environment and community for personnel and citizens.

Complete the first session of the mandatory paramedic refresher course set by the State of Wisconsin. This will include the recertification in Cardiopulmonary Resuscitation, Advanced cardiac Life Support, and Pediatric Advanced Life Support. There has been an increase in the hourly re-licensure requirement for the paramedic level provider and will now occur over a three-year period.

Research options for specialized disinfection procedures/equipment to be used for personal protection equipment and durable medical equipment thereby reducing the potential risk of biohazard exposures to personnel.

Continue to work on various committees related to pre-hospital care and communications. Administrative staff serve on the local Regional Trauma Advisory Committee, Outagamie County EMS Chiefs' Association, and Fox Valley Technical College EMS advisory committee.

Continue to work on coordinating and implementing field based reporting utilizing mobile devices on ambulance calls.

Research community needs in an effort to provide additional educational opportunities to the general public related to health and wellness, first aid, and injury prevention.

Complete the annual review of the fire department's patient care guidelines, procedures, and protocols. The protocols are standing orders used during EMS calls. Our Service Medical Director Ryan Murphy M.D. and Assistant Chief/EMS Director will review the protocols and update them with the most current medications and patient care procedures.

Comply with all regulations and standards set forth by OSHA, Wisconsin Department of Commerce, Wisconsin Department of Health and Family Services, and national health organizations.

Continue to research funding sources to purchase a LUCAS Chest Compression System for use by department paramedics during cardiac arrest incidents.

## **2021 BUDGET**

*DIVISION: PUBLIC SAFETY*

*DEPARTMENT: FIRE*

### ***MISSION STATEMENT***

**The Kaukauna Fire Department is committed to providing a safe and healthy community for both citizens and business by minimizing fire loss through sound fire prevention efforts, competent suppression techniques and efficient emergency medical care.**

### ***2019 - 2020 Goals and Objectives***

Provide effective and efficient fire and rescue services to the community.

Implement cancer prevention measures to ensure health and safety of firefighters.

Begin implementing mission-critical communication devices in our organization.

Increase public outreach efforts for citizens of all ages.

Continuously train all staff for their safety and the effective delivery of services, public protection, and professional staff development.

### ***2019 – 2020 Accomplishments***

Between 6/19 through 5/20, Kaukauna Fire Department responded to 20 fires, saving \$956,000 in property.

Placed a hydrogen cyanide detector into service. Hydrogen cyanide is one of the most toxic smoke-borne gases that firefighters encounter. This equipment helps identify when it is safe to remove our self-contained breathing apparatus.

Placed additional decontamination equipment (misting sprayers and boot wash) into service to ensure firefighter safety.

Added two ruggedized laptops into service that connect to a dedicated public safety cellular network that gives priority to first responders, ensuring a mission critical broadband connection to the Internet at all times.

The pandemic hindered our public outreach efforts, but we were able to modify and complete the delivery of our annual fire prevention outreach in the schools, reaching nearly 1,800 students.

All fire department staff met the minimum training requirements, but unfortunately many of our other opportunities were cancelled or postponed.

### ***2020 - 2021 Goals and Objectives***

Continue building a stronger and more efficient fire prevention program.

Increase training hours utilizing technology.

Begin necessary replacements of bunker gear.

Begin utilizing field reporting on EMS calls for more efficient report writing.

Begin spec process for ambulance replacement.

Implement internal website for improved inter-department efficiency and communication.

## **2021 BUDGET**

*DIVISION: PUBLIC SAFETY*

*DEPARTMENT: FIRE PREVENTION*

### **MISSION STATEMENT**

**Recognizing that education and code enforcement are vital components in the prevention of fires and the reduction of fire losses. The Kaukauna Fire Department will sustain a comprehensive public awareness program within the community through regular fire prevention inspections and public education programming.**

The year 2020 and the COVID-19 pandemic has caused the City of Kaukauna Fire Prevention Department to adapt to new ways of performing our fire prevention duties. We were able to conduct our annual Safety Town education with social distancing, but unfortunately all other in-person fire prevention classes had to be cancelled. All scheduled routine fire inspections also had to be placed on hold. Complaint and follow-up fire inspections were performed following the CDC guidelines for safety.

### **2020 - 2021 Goals and Objectives**

All Kaukauna Fire Department staff members will continue to conduct company based fire inspections throughout the community. A stronger effort will be made in re-inspections to gain compliance with business that fail to correct fire code violations. This re-inspection process will be achieved with the help of two new Getac Laptops that allow for electronic data field entry. With the introduction of the electronic data field entry and the assistance of Bycer the Compliance Engine hopefully long standing fire code issues will be able to be corrected with-in a 30 day time frame in order to provide for a safer community.

All records will continue to be kept current to the Department of Commerce's regulations. We continue to send all NFIRS reports to the Federal database. All Fire Department members will have continuing education so that they are able to be kept up to date with the most current code interpretations.

The Juvenile Fire Starters program will continue in 2021.

The Fire Arson Program will remain in place for 2021. All investigators will keep current with continuing education in both Arson investigation classes and Fire investigation classes to align with all updates and standards. As of 2020 the City of Kaukauna Department is now an active member of the Outagamie County Arson Task Force and attends regular education trainings. An Arson task force education training was hosted by our department in the training room before the COVID-19 pandemic.

The general public will receive education in fire code compliance and fire prevention. The Kaukauna Fire Department will begin to provide community education on severe weather and severe weather preparedness. Information and education will be made available regarding what steps to take after a severe weather event. These include, but are not limited to, power line safety, downed trees, and street flooding.

The Kaukauna Fire Department will continue to provide age appropriate fire prevention education to all schools within the Kaukauna City limits. Currently, this education is offered to students in 4K through 5<sup>th</sup> grade. Next year, the Kaukauna Fire Department will expand fire prevention education to higher grade levels. Kaukauna Fire Department will also continue to partner with the Kaukauna Community Health Associates in providing education for the Baby Sitter Clinic and Kaukauna Recreational Department's Safety Town.

Kaukauna Fire Department will continue to work on our Image Trend records system in order to document and log all fire prevention classes and inspections in order to provide the most accurate information possible for data collection.

### ***2019 - 2020 Accomplishments***

Successfully put into service two Getac Laptops for field based inspections and EMS reporting.

Participated in three sessions of Kaukauna Recreational Department's Safety Town.

Discovered and inspected eleven (11) businesses in the City of Kaukauna without pervious fire inspections.

Effectively worked with Wisconsin DCI to investigate and solve two arson fires in the City of Kaukauna.

Became an active member of the Outagamie County Arson Task Force since beginning of 2020

Became an active member of the Wisconsin State Fire Inspectors since the beginning of 2020

Provided fire prevention materials to over 1,799 students in the Kaukauna Schools 4K through 5<sup>th</sup> Grade.

Performed 129 fire inspections for complaints and follow-ups during the COVID-19 pandemic.

Partnered with "Bycer the Compliance Engine" to assist with tracking fire code deficiencies.

Continued to customize Image Trend software's fire inspection module to meet the needs of the Kaukauna Fire Department.

#### ***MISSION STATEMENT***

The City of Kaukauna School Crossing Guard program provides uniformed adult supervision at seven school intersections where the majority of the students cross within the City. The crossing guards assist students, bikers and pedestrians when they are crossing the intersections to and from their classes. This service is provided between the hours of 7:00 and 8:15 A.M., and from 2:45 through 4:00 P.M. on school days.

During three weeks in June, three of our crossing guards are involved in the Safety Town program that is designed to teach safety habits to the children who are entering kindergarten. It has evolved into a comprehensive program covering everything from crossing the street, to playground behavior, littering, avoiding poisons, stranger danger, call 911 and fire prevention. Police Officers and Firemen also participate as guest speakers.

Working with State to keep the Gypsy Moth and Emerald Ash Borer problem to a minimum.

Fencing and diamond upgrades at Bayorgeon, Riverside, Horse shoe and Jonen Parks.

Continue to move forward with the development of Jonen Park, Anderson Park and future Haas Road Park.

## **2019 - 2020 Accomplishments**

The Street and Park Department continued to provide effective and efficient maintenance services for the residents of the city, its visitors, various organizations, and the Kaukauna area school district. Routine maintenance (refuse collection, snow removal, street repair, park care, sewer maintenance, weed cutting, street maintenance, vehicle maintenance, etc.) was performed throughout the year.

The city received recognition for the 27th year in a row as a "Tree City USA" by the National Arbor Day Foundation. The award identifies the city as one, which realizes the benefits of tree planting and maintenance of the urban forest.

Personnel from the street and park department continued to participate in various educational opportunities. Safety training sessions were attended in Confined Space Training, Hearing Conservation, Vehicle Safety and Maintenance, Blood Borne Pathogens etc.

- Continue to upgrade city drinking fountains to comply with the Department of Natural Resources Bureau of Water Supply.
- Work with Calumet County Highway Department to paint center lines in heavy traffic district.
- The Fourth of July 5K, Suicide Awareness, Live from Hydro Park, Bike to the beat tour and other various events such as Christmas Parade, and numerous block parties all required assistance again this year. The majority of our help for these events is in the form of traffic control.
- Continue to seek training for preventive measures of the Emerald Ash Borer.
- Replaced or rebuilt numerous sanitary and storm sewers on city streets.
- Maintain, remove and replace when needed many trees throughout the city parks and right of ways.
- Multiple landscape projects throughout the city.
- Completion of Anderson Park, Construction of ball diamonds and continued maintenance in many areas and city parks.
- Continue to adjust and perfect automated collection.

## **2020 - 2021 Goals and Objectives**

- Continue to provide effective and efficient direction and control of the Street and Park Departments.
- Maintain the cities designation of Tree City USA by the National Arbor Day Foundation.
- Provide continuing education opportunities for all Street and Park Department personnel.
- Continue emphasizing safety and provide the equipment and tools necessary to achieve a safe working environment.
- Continue working with safety coordinator to provide safe work environments while maintaining optimum efficiency.
- Continue with systematic equipment replacement. Equipment scheduled to be replaced in 2021 is 2011 Kubota Tractor (108), 2006 International with Sander, plow and wing (208), 2008 Chevy 4 X 4 (11).
- Continued sign installation and inventory.

- Continue to upgrade city drinking fountains to comply with Department of Natural Resources Bureau of Water Supply.
- Working with State to keep the gypsy moth problem to a minimum.
- Continue education through the DNR regarding the Emerald Ash Borer.
- Continue to clean, inspect and rebuild city sewers.
- Continue to build and maintain new equipment and property at Jonen Park, Dog Walking Park, moving forward with the development of Fassbender Park, Anderson Park and Haas Road Park while maintaining and upgrading all city parks and new downtown plazas.
- Work to create an honest, trusting work environment between our workforce and Management to provide less wasted time and more efficient workdays.
- Continue professional working relationship with Kaukauna Utilities, Fire Department, Police Department, 1000 Island, Library and others. Providing safety within the city both in our day to day operations and emergency situations.

#### **Service Efforts:**

"The monthly toddler story time kits are amazing! My son is in love with watching story time, and used all the activities from the apple activities. The amount of pride he has in doing his 'work' is priceless."

"We picked up our book order from you yesterday, and you had included a book called "Drawing Pteranodon" in our collection. I assumed only my daughter (age 8, and an avid artist) would be interested, but I was wrong. My son is SO proud of his accomplishment, and I wanted to share it with you, because if you hadn't selected that book for our family, this might not have happened. What you are all doing matters, and we are SO grateful for your services. I literally teared up when our book

order was placed on that cart yesterday. Thank you for all of your hard work. Is there anything we can do to help support your efforts?"

"I can't wait to get my books and DVD's today. In all this craziness, I feel we sometimes lose our positivity, so I just wanted to say thank you and let you know how grateful I am to everyone who is making this possible. Reading is my escape and I am so grateful to have that back now!"

"I do not live in Kaukauna but follow your page because before Covid I intended to attend some of your events. But even now, I am consistently impressed by your ideas for serving individuals and families. Your kits and live streaming videos and now this-all great ideas for difficult times. Way to go!"

"We have been having so much fun doing Ghost's Summer Vacation: Community Scavenger Hunt! It has also been great to support some local businesses this summer."

"We had a blast! No one is pounding at my door to commission my work but no one had more fun then we did! Thank you so much. A night sorely needed. Kaukauna Library is the absolute best."

"Dear Kaukauna Library, Thank you for raising the hold limits to 25! Our family of five loves library resources! Since we are spending more time at home these days, we are extra appreciative of everything we are able to check out and enjoy from the library. Thanks for all you do for our community!"

At 5 years old, my youngest son told me, "I hate books!" I said.....Um no, that's not going to happen. LOL That summer he was signed up for the summer reading program in Kaukauna (back in about 2006). He was goal oriented, so he actually read 100 books that summer to get 2 entries for the bike (along with the other great prizes). After that he read all the time and loved it! I have always said it was because of the Kaukauna Library that my son got his love of reading! Thanks for all you do!!

*STORM WATER UTILITY SUMMARY*

The City of Kaukauna created a Storm Water Utility in July 2009 to facilitate compliance with various State and Federal regulations regarding the quality of storm water runoff and discharges. Since its inception, the storm water utility is starting to mature with growing infrastructure and capital assets. The city is continuously monitoring the financial metrics such as operating expense, depreciation, and debt coverage ratio all while meeting the state and federal regulations.

The Storm water Utility is primarily funded by user fees in the form of an Equivalent Runoff Unit (ERU) Rate. An ERU is the average impervious area of a single family home. Impervious area refers to any surface that does not allow the natural infiltration of water into the soil (examples include roofs, patios, driveways, sidewalks, and pavement.). A Storm water utility fee is assessed for each ERU that a non-residential property possesses. The ERU rate budgeted to remain the same at \$90/ERU/year for the 2021 budget.

Non-residential properties that have more property than an average residential home is charged one ERU for every 2,944 sq. feet of impervious area of that property. The ERU is charged monthly. Each residential property is charge one ERU per year. The monthly charge per home is \$7.50/month.

In 2019, City Finance changed the way debt is being managed within this utility fund. Rather than having a few smaller bond issues, the city began borrowing 3 years of project costs at one time. This will save on issuance costs and to help better manage the debt coverage ratio. With the larger borrowing, it makes it easier to manage the annual bond payments and monitor the ERU rate to ensure the rate is adequate to the expenses of the Utility fund.

*SANITARY SEWER UTILITY SUMMARY*

The City of Kaukauna created a Sanitary Sewer Utility beginning in 2012 to more accurately account for activities associated with sewerage collection and treatment, to establish a more accurate user charge rate and to allow for the issuance of revenue bonds to finance utility projects. The current rate is \$6.75 per cubic feet. This rate was reviewed and changed in 2015 and budgeted to remain the same for the 2021 budget.

In 2019, City Finance changed the way debt is being managed within this utility fund. Rather than having a few smaller bond issues, the city began borrowing 3 years of projects at one time to save on issuance costs and to help better manage the debt coverage ratio. With the larger borrowing, it makes it easier to manage the annual bond payments and monitor the user fee rate to ensure the rate is adequate to the expenses of the Utility fund.

#### ENVIRONMENTAL CENTER MISSION STATEMENT

**MISSION STATEMENT:** To provide children, adults and families the knowledge and skills needed to build a sustainable balance between the environment, economy and community through education, conservation and recreation.

Programs offered at the Center include year-round educational programs for schools, scouts, summer camps and day care centers. A year-round schedule of public programs including Bird House Building, Crayfish Critter Hunt, Winter Moonlight Hike and many more programs are offered for children, adults and families. New in 2018 was the addition of day camps for children during the summer months and a preschool program offered in winter and summer. Annual special events include Eagle Days Along the Fox, Pancake & Porkie Breakfast and Spring Art Fair.

The Center building and trail system is also available for the general public to visit.

#### **Performance Measures:**

### GLOSSARY

**ACCOUNTING SYSTEM:** The methods and records established to identify, assemble, analyze, classify, record and report the City's transactions and to maintain accountability for the related assets and liabilities.

**ACCRUAL BASIS:** The recording of the City's transactions that have cash consequences in the period in which those transaction occur rather than in the period in which cash is received or paid by the City.

**AGENCY FUND:** A fund normally used to account for assets held by the City as an agent for individuals, private organizations or other governments.

**APPROPRIATION:** A legal authorization granted by the City Council to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and time it may be expended.

**ASSESS:** To establish an official property value for taxation.

**ASSESSED TAX RATE:** The amount of property tax paid by property owners for each \$1,000 of their assessed property value. This rate is computed by dividing the total amount of the tax levies by the total assessed value of the City.

**ASSESSED VALUATION:** A valuation set upon real estate or other property by the assessor for the City as a basis for levying taxes.

**BASIS OF ACCOUNTING:** A term used to refer to when revenues, expenditures, expenses, and transfers are recognized in the accounts and reported in the financial statements.

**BOND:** A written promise to pay a specified sum of money (called the face value or principal amount), at a specified date or dates in the future (called the maturity date), together with periodic interest at a specified rate.

**BUDGET:** A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

**BUDGET MESSAGE:** A general discussion of the Mayor's proposed budget as presented in writing to the City Council. The budget message should contain an explanation of the principal budget items, an outline of the City's experience during the past year, and its financial status at the time of the message and recommendations regarding the financial policy for the coming year.

**CAPITAL BUDGET:** A plan of proposed capital outlays and the means of financing them.

**CAPITAL PROJECTS FUND:** A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities.

**CONTINGENCY:** An appropriation of funds to cover unforeseen events that occur during the budget year. The City Council must approve all contingency expenditures.

**DEBT SERVICE FUND:** A fund established to account for the accumulation of resources for and the payment of general long-term debt principal and interest.

**DEFICIT:** The excess of the liabilities of a fund over its assets. The excess of expenditures over revenues during an accounting period.

## APPENDIX D

### GLOSSARY

**ENCUMBRANCES:** The amount of expenditures ultimately to result if unperformed contracts in process are completed.

**EQUALIZED TAX RATE:** This rate is the computed by dividing the total amount of taxes levied by the total equalized value of the City including tax incremental districts. This rate is the basis for comparing tax rates of various taxing authorities.

**EQUALIZED VALUATION:** The fair market value of all property in the City as established by the Wisconsin Department of Revenue. This value is used to apportion levies amongst overlapping taxing authorities.

**EXPENDITURES:** Decreases in net financial resources, including current operating expenses, debt service and capital outlays.

**FISCAL YEAR:** A 12-month period to which the annual operating budget applies and at the end of which the City determines its financial position and the results of its operations. The fiscal year begins January 1 and ends December 31.

**FULL FAITH AND CREDIT:** A pledge of the general taxing power for the payment of debt obligations. Bonds carrying such pledges are referred to as general obligation bonds.

**FUND:** A fiscal and accounting entity with a self-balancing set of accounts in which cash and other resources together with all liabilities and residual equities are segregated to carry on specific activities or attain specific goals.

**FUND BALANCE:** The difference between fund assets and fund liabilities.

**GENERAL FUND:** The fund used to account for all financial resources except those required to be accounted for in another fund.

**GRANTS:** Contributions or gifts of cash or other assets from another government to be used or expended for a specified purpose, activity or facility.

**LEVY:** To impose taxes, special assessments or service charges for support of governmental activities.

**MODIFIED ACCRUAL BASIS OF ACCOUNTING:** Revenues and other financial resources are recognized when they are both measurable and available. Expenditures are recognized when the liability is incurred.

**OPERATING TRANSFERS:** All inter-fund transfers other than residual equity transfers (e.g. legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended).

**RESERVED FUND BALANCE:** Those portions of fund balance that are not appropriable for expenditures or that are legally segregated for a specific future use.

**RESIDUAL EQUITY TRANSFERS:** Non-routine transfers of equity between funds

**REVENUES:** Increases in the net current assets of the City from other than expenditure refunds and residual equity transfers. Used to the finance the services provided by the City.

**SHARED REVENUES:** Revenues levied by one government but shared on a predetermined basis, often in proportion to the amount collected at the local level.

## **APPENDIX D**

### *GLOSSARY*

**SPECIAL ASSESSMENT:** A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service that benefits primarily those properties.
