City of Kaukauna

Board of Public Works March 20, 2023

in/engr dept

Agenda Item #2d 2022 Municipal Separate Storm Sewer System (MS4) Annual Report to DNR

## **Background**

As a Permitted Municipality under Wisconsin NR 216, an annual report of activities and updates to the City's storm water management is submitted to Wisconsin DNR. Prior to the March 31 submission, the City Engineering Department distributes the report to the BOPW and Common Council and provides public access to the report via the City website. The reason for distribution is an effort to provide awareness to the activities the City is completing in order to maintain compliance with State and Federal regulations as well as gather comments on the report itself.

In addition to the DNR reporting form, a summary of activities and accomplishments is attached, siting each General Permit section requirements. Please review the report and summary and contact John Neumeier with any questions or concerns.

## **Recommended Action**

Motion to receive and place on file the 2022 Municipal Separate Storm Sewer System (MS4) Annual Report and direct the Engineering Department to submit the same to Wisconsin DNR.

## City of Kaukauna MS4 Program 2022 Summary – Supplement to MS4 Annual Report

#### Public Education and Outreach MS4 GP Section 2.1

The City continued to implement the Public Education and Outreach outlined in Chapter 3 of the City's Stormwater Management Plan. This section of the City Stormwater Management Plan (SWMP) is being recreated as part of the NR216 Municipal Permit updates. The program includes, but not limited to, storm water topics in the quarterly newsletter to residents, maintaining and updating the City Stormwater Management webpage, displaying educational flyers as at City Hall and Department of Public Works, passively distributing flyers at various City Hall displays, giving presentations to general public and elected officials, and participating in NEWSC with panels, trainings, and regular meetings. Public Education action items for 2022 include:

## Stormwater Management webpage posts:

- Quarterly newsletter:
  - Yard Waste/Spring Clean-Up/Keep waste out of runoff/disposal site
  - Keep our Streets and Waterways Clean and Safe Grass Clippings
  - Leaf Pick-up/Fall Clean Up Leave Grass Clippings on the Lawn
- City MS4 Annual Report / Program Summary
- NEWSC Annual Report

#### Stormwater Management social media posts:

- Streambank restoration projects- December
- Clogged Storm Drains / Leaf Tea November
- Trash Free Waters Don't Floss and Toss October
- Fall Clean-up Weeks October
- Fish Don't Swim in Chlorine- Pool Discharge/IDDE September
- First Annual Focus on the Fox September
- Konkapot Trail Highlight with Streambank Restoration Sign August
- Landscape with Lakes in Mind- Residential Infiltration August
- Plastic Pollution (Cigarette Butts at 1000 Islands) July
- Car Washing BMP's July
- Grass Swales June
- Grass Clippings May
- Spring Clean Up May
- Drug Take Back Day April
- 1000 Islands Summer Programs April
- Electronics Recycling April
- Household Hazardous Waste April
- Disposal Site April
- Spring Newsletter April
- Responsible Pet Owner Pet Waste March
- Carpet Cleaning IDDE February
- Salt Awareness Week January

#### Passive Flyers and Hand-Outs

- Renew Our Waters/Every Choice Counts
- Good Dog/Good Owner
- Stormwater Pollution Door Hangers (Grass Clippings)

## Targeted Audiences in Addition to General Public

- Pet Owners Good Dog/Owner Poster at Kaukauna Dog Park
- Stormwater Pollution Door Hangers
- Concrete Contractors

## 1000 Islands Programs

- Eagle Days 1/22/2022 150 participants
- River Nature Hikes 43 events 1,758 total participants
- Crayfish & Critter Hunts 30 events 1,574 total participants
- Fox River Ecology 4 events 158 total participants
- Focus on the Fox 9/24/2022 250 participants.

#### **NEWSC Presentations**

- Booth at Focus on the Fox Event
- River View Middle School 304 participants

## Public Involvement and Participation MS4 GP Section 2.2

The City continued to implement the Public Involvement program outlined in Chapter 4 of the City's Stormwater Management Plan. This section is being recreated as part of the NR216 Municipal Permit updates. The program includes, but is not limited to, considering information submitted by the public relating to stromwater topics, promoting river clean ups, rain barrel workshops, and other training and volunteer activities in the area, giving presentations to general public and elected officials, promoting educational opportunities at 1000 Islands Environmental Center, and participating and promoting NEWSC panels, trainings, and regular meetings. Public Involvement action items for 2022 include:

#### Presentations/Discussions at Public Meetings

- MS4 Annual Report
- Stream Bank Erosion & Stream Restoration Projects Grignon Park Stream Restoration UNPS Grant, Project Authorization/Award
- NEWSC Presentation at River View Middle School

#### Volunteer Opportunities Promoted/Supported

- Fox Wolf Watershed River Clean-Up Sites 82 Participants at Kaukauna Sites
- Focus on the Fox 250 participants.
- Chloride Monitoring Konkapot Creek 3/16/22 1 sampling

## Trainings/Classes Promoted:

- 1000 Islands Environmental Center Program Guides
- NEWSC Winter Maintenance Workshop

## Illicit Discharge Detection and Elimination MS4 GP Section 2.3

The City's IDDE program includes outfall field screenings, cross connection inspections, documenting resident complaints and follow-up actions. Minor updates were made to this section of the City SWMP. The City and KU have been specifically checking for water softener discharge to sump pits during routine inspections for clear water connections to sanitary sewer. Residents are required to re-route the water softener discharge to sanitary sewer. IDDE action items for 2022 include:

- Inspected 50 municipal major/priority outfalls. Submitted 14 samples to be lab tested.
- 1 suspected illicit discharge could not be traced to a source. Outfall will be re-sampled in 2023.
- Issued 2 IDDE door hangers to address common issues including grass clippings. (additional tags were issued but not properly documented)
- Received and responded to 2 illicit discharge complaints.
- Updated the City MS4 map with new BMPs, outfall changes and new storm sewers installed
- Taylor Conger and Jason Holmes attended NEWSC IDDE Outfall Inspection Webinar
- John Neumeier helped plan and develop content for NEWSC IDDE Outfall Inspection Webinar through NEWSC Municipal Committee

#### Construction Site Pollution Control MS4 GP Section 2.4

The City Construction Site Pollution Control program includes review of permit applications and erosion control plans, conducting municipal site inspections, and enforcing the erosion control ordinance. The program also includes an educational component including educating permit applicants, designers, contractors, inspectors, and ordinance violators about City and DNR design and site management standards. Construction Site Pollution Control action items for 2022 include:

- Reviewed and issued 10 private permits (1 did not start construction in 2022)
- Discussed ordinances and environmental design considerations with 8 site designers.
- Inspected 11 construction sites including two 2021 permitted sites still under construction. 42 total inspections.
- Issued 4 verbal warning, 1 written warning, to correct violations of erosion control ordinances. Also stopped work on a site due to concerns with overall site management.
- Continued policy of reviewing/permitting City construction sites based on the same criteria as private construction sites.
- Taylor Conger attended and completed NASECA Erosion Control & Stormwater Permit Compliance Training and Exam.

#### Post-Construction Storm Water Management MS4 GP Section 2.5

The City Post-Construction Site Pollution Control program includes review of permit applications, plans, maintenance agreements, tracking long-term maintenance of stormwater management facilities, and educating permit applicants, designers, contractors, inspectors, and facility owners. Minor updates were made to this section of the City SWMP. Post-Construction Site Pollution Control action items for 2022 include:

- Reviewed and issued permits for 4 construction sites with structural storm water BMPs
- Discussed ordinances and environmental design considerations with 6 site designers
- Visited/Inspected 1 private stormwater best management practices, include ponds and new bio-filters for which the City has a maintenance agreement
- Consulted with private home and business owners on management of existing stormwater bmp
- Contracted with McMahon Associates to provide a web portal, mailings, and tracking of Private BMPs in the City. This will help develop better tracking of private maintenance.

#### Pollution Prevention MS4 GP Section 2.6

The City Pollution Prevention program includes conducting routine inspections and maintenance of municipally owned structural BMPs, street sweeping, catch basin cleaning, apply road salt and deicers only as necessary to maintain public safety, properly manage leaves and grass clippings, conduct pollution prevention planning for municipal garage and storage areas (Storm Water Pollution Prevention Plan or SWPPP), and educate municipal employees about pollution prevention. Pollution prevention action items for 2022 include:

- Inspected 52 municipally operated/maintained BMPs
- Inspected 2 privately operated/maintained BMP
- Compiled a bmp maintenance list for DPW Prioritized based on severity. <u>Need to evaluate hiring out maintenance</u>, adding additional staff, or implementing different strategies, to better maintain stormwater facilities.
- Grignon streambank restoration project 2022/23 along unnamed tributary to Fox River TMDL
   Action Item / Grant Item
- Conducted inspections at Department of Public Works and 1 inspection of the compost site.
- Street Sweeper removed approximately 428 tons of material from streets and parking lots.

  Need to evaluate additional sweeper operation to maintain TMDL schedule compliance.
- Conducted leaf collection throughout the City, followed by street sweeping; 6 weeks, approximately 5,775 cubic yards of leaves collected.
- Collected leaves, yard waste, and branches at new waste disposal site.
- Conducted Spring Clean-up, Fall Clean-Up, and yard waste drop-off events
- Conducted two free curbside tire collection April and October
- Provided snow and ice control on approximately 175 lane-miles
- Managed de-icer usage with calibration, pre-wetting, pre-treating with brine, and proper timing of salt applications.
- Posted best management practices information at DPW shop
- Contracted with McMahon Associates for management/monitoring of multiple ponds, fish spawning, wetland, prairie, and stream mitigation sites.

- Contracted for nuisance wildlife management at 6 City ponds (72 muskrats trapped)
- Kyle Rich, James Hungerford, Logan Van Hoof, Matt Wallace, and Jake Van Gompel went to the Brine summit on May 18th, 2022.
- John Neumeier attended the Fox-Wolf Watershed Conference and maintained regular involvement on the NEWSC Municipal Committee.
- City and Kaukauna Utilities held an Electronics Recycling Event 4/23/22, collecting 34,414 pounds of recyclable material.
- City Police Department has a drug take-back drop box and held two Drug Take-Back Days on 4/30/22 and 10/29/22. 618 lbs of prescription and non-prescription drugs were collected.

## Stormwater Quality and MS4 Map Updates GP Section 2.7-2.8

An updated 2022 City MS4 Map is submitted with the annual report and is available online. Changes include the following:

#### Storm Sewer:

Additions/Updates:

Bluestem Meadows 3

#### Outfalls:

- Additions:

Outfall from Bluestem Meadows 3

## **Best Management Practices:**

Bluestem Meadows 3 Pond

## **Overall Program Observations and Considerations**

- Additional regular training for staff will be achieved with implementation of guarterly meetings.
- Evaluating GIS based inspection software for better documentation.
- Evaluating the need to add staff for stormwater compliance.
- Working with Outagamie County and WisDOT on agreements for stormwater management.

# Submittal of Annual Reports and Other Compliance Documents for Municipal Separate Storm Sewer System (MS4) Permits

NOTE: Missing or incomplete fields are highlighted at the bottom of each page.	You may save, close and return to your draft permit as often as necessary to complete
our application. After 120 days your draft is <b>deleted.</b>	

_	2400 224/00/2024	
-orm	3400-224(R8/2021)	۱

## **Reporting Information:**

Will you be completing the Annual Report or other submittal type? 

Annual Report Other

**Project Name:** 2022 Annual Report

**County:** Outagamie

Municipality: Kaukauna, City

Permit Number: S050075

Facility Number: 31105

**Reporting Year:** 2022

Is this submittal also satisfying an Urban Nonpoint Source Grant funded deliverable? O Yes • No

Under s. 283.53(3)(a), a general MS4 permittee is required to reapply for permit coverage at least 180 days prior to the expiration date of the permit .

In order to acknowledge that you are reapplying for permit coverage, please check the following box:  $\Box$ 

## **Required Attachments and Supplemental Information**

Please complete the contents of each tab to submit your MS4 permit compliance document. The information included in this checklist is necessary for a complete submittal. A complete and detailed submittal will help us review about your MS4 permit document. To help us make a decision in the shortest amount of time possible, the following information must be submitted:

#### **Annual Report**

- Review related web site and instructions for Municipal storm water permit eReporting [Exit Form]
- Complete all required fields on the annual report form and upload required attachments
- Attach the following other supporting documents as appropriate using the attachments tab above
  - Public Education and Outreach Annual Report Summary
  - Public Involvement and Participation Annual Report Summary

- Illicit Discharge Detection and Elimination Annual Report Summary
- Construction Site Pollution Control Annual Report Summary
- Post-Construction Storm Water Management Annual Report Summary
- Pollution Prevention Annual Report Summary
  - Leaf and Yard Waste Management
  - Municipal Facility (BMP) Inspection Report
  - Municipal Property SWPPP
  - Municipally Property Inspection Report
  - Winter Road Maintenance
- Storm Sewer Map Annual Report Attachment
- Storm Water Quality Management Annual Report Attachment
- TMDL Attachment
- Storm Water Consortium/Group Report
- Municipal Cooperation Attachment
- Other Annual Report Attachment
- Attach the following permit compliance documents as appropriate using the attachments tab above
  - Storm Water Management Program
    - Public Education and Outreach Program
    - Public Involvement and Participation Program
    - Illicit Discharge Detection and Elimination Program
    - Construction Site Pollutant Control Program
    - Post-Construction Storm Water Management Program
    - Pollution Prevention Program
      - Municipal Storm Water Management Facility (BMP) Inventory
      - Municipal Storm Water Management Facility (BMP) Inspection and Maintenance Plan
  - Total Maximum Daily Load documents (\*If applicable, see permit for due dates.)
    - TMDL Mapping\*
    - TMDL Modeling\*
    - TMDL Implementation Plan\*
    - Fecal Coliform Screening Parameter \*
    - Fecal Coliform Inventory and Map (S050075-03 general permittees Appendix B B.5.2 document due to the department by March 31, 2022)
    - Fecal Coliform Source Elimination Plan (S050075-03 general permittees Appendix B document due to the department by October 31,2023)
- Sign and Submit form

Form 3400-224 (R8/2021)

## **Municipal Contact Information- Complete**

**Notice:** Pursuant to s. NR 216.07(8), Wis. Adm. Code, an owner or operator of a Municipal Separate Storm Sewer System (MS4) is required to submit an annual report to the Department of Natural Resources (Department) by March 31 of each year to report on activities for the previous calendar year ("reporting year"). This form is being provided by the Department for the user's convenience for reporting on activities undertaken in each reporting year of the permit term. Personal information collected will be used for administrative purposes and may be provided to the extent required by Wisconsin's Open Records Law [ss. 19.31-19.39, Wis. Stats.]. **Note:** Compliance items must be submitted using the Attachments tab.

\$0 listed in years where no grant money was received/budgeted.

water Quality
a: Were there any known water quality improvements in the receiving waters to which the municipality's storm sewer system directly discharges to?  ● Yes ○ No ○ Unsure If Yes, explain below:
Addition of Bluestem 3 pond and streambank stabilization project on unnamed
<b>b</b> : Were there any known water quality degradation in the receiving waters to which the municipality's storm sewer system directly discharges to?  ○ Yes    ○ No   ○ Unsure    If Yes, explain below:
c: Have any of the receiving waters that the municipality discharges to been added to the impaired waters list during the reporting year?  ○ Yes ● No ○ Unsure
d: Has the municipality evaluated their storm water practices to reduce the pollutants of concern?  ● Yes ○ No ○ Unsure
Storm Water Quality Management
a. Has the municipality completed or updated modeling in the reporting year (relating to developed urban area performance standards of s. NR 151.13(2)(b)1., Wis. Adm. Code)? ○ Yes ● No
<b>b</b> . If yes, enter percent reduction in the annual average mass discharging from the entire MS4 to surface waters of the state as compared to implementing no storm water management controls:  Total suspended solids (TSS) 37%
Total phosphorus (TP) 23%
Status of Total Maximum Daily Loads (TMDLs) Implementation
The permittee Kaukauna, City is subject to the following approved TMDLs: Lower Fox River Basin and Lower Green Bay
The permittee intends to comply with the following permit requirements to show progress towards meeting the TMDL:
<ul> <li>[A.3.1] The Permittee is following the TMDL Compliance Plan, which received department concurrence prior to April 30, 2019.</li> <li>The permittee is confirming that all planned efforts are on schedule.</li> <li>● Agree ○ Disagree</li> </ul>
[A.6.3] Final Documentation.  The permittee is confirming that all planned efforts are on schedule to submit the final documentation materials [updates to mapping, modeling, tabular summary, and Implementation Plan] under section A.6.3 by October 31, 2023.

● Agree ○ Disagree

## **Additional Information**

Based on the municipality's storm water program evaluation, describe any proposed changes to the municipality's storm water program. *If your response exceeds the 250 character limit, attach supplemental information on the attachments page.*
