1000 ISLANDS TREE AND SHRUB SEEDLING SALE

This year, 1000 Islands Environmental Center is holding a tree and shrub seedling sale to offer landowners the opportunity to improve and protect the environment while beautifying and increasing the value of their property. Proceeds of the sale are used to fund environmental education programs and events. Thank you to Kaukauna Utilities for sponsoring this seedling sale.

TREE SEEDLINGS

White Pine (*Pinus strobus*)* A fast-growing evergreen that adapts to a wide range of soil conditions. Prefers partial to full sun and features soft needles in clusters of five. Ideal for windbreaks, reforestation projects, shade, and Christmas trees. Grows 60-80' tall; 20-40' spread. **Sold in bundles of 10.**

White Spruce (*Picea glauca*)* A hardy evergreen with dense blue-green needles. Fast-growing and tolerant of shade and heavier soils. Widely used as a Christmas tree, offers good wildlife habitat, and is generally deer-resistant. Grows 50-70' tall; 15-20' spread. **Sold in bundles of 10.**

Red Maple (*Acer rubrum*)* Known for its brilliant fall color and adaptability to many soil types. Provides food and habitat for wildlife, including game birds. Grows 40-60' tall; 35-45' spread. **Sold in bundles of 5.**

White Oak (*Quercus alba*)* A classic native oak with a broad, rounded form. Moderate growth rate with small acorns that benefit wildlife. Prefers full to partial sun and develops attractive purple-red fall foliage. Grows 60-80' tall; 60-80' spread. **Sold in bundles of 5.**

SHRUB SEEDLINGS (sold in bundles of 5)

American Elderberry (*Sambucus canadensis*)* A large, spreading shrub with fragrant white flowers and clusters of edible berries. Excellent for wildlife habitat, pollinator support, and erosion control. Grows 10-15' tall; 10-15' spread.

American Hazelnut (*Corylus americana*)* Produces sweet edible nuts within 3-4 years and displays vibrant fall color. A valuable food source for wildlife species. Prefers full sun. Grows 10-15' tall; 8-12' spread.

Downy Serviceberry (*Amelanchier arborea*)* A large, spreading shrub with fragrant white flowers and clusters of edible berries. Excellent for wildlife habitat, pollinator support, and erosion control. Grows 10-15' tall; 10-15' spread.

Highbush Cranberry (*Viburnum trilobum*)* A versatile shrub that thrives in moist soils and is often planted along streams and wetlands. Produces edible red berries in fall that are highly attractive to birds. Grows 8-12' tall; 8-12' spread.

*Supports Birds; **Supports Pollinators; ***Supports Birds and Pollinators

Important Order Information:

- Tree and shrub seedlings are ordered from a quality Wisconsin nursery. Neither the nursery nor 1000 Islands can guarantee or warranty the survival rate of any plant due to variables outside our control.
- Orders from the nursery could be cancelled by situations beyond our control. If this occurs, a refund will be given. All orders are subject to availability.
- All seedlings are bare root. **Additional seedling information and a planting guide can be found at www.chiefrivernursery.com.**
